<i>Option to Defer some CIU required courses to Summer after Senior Year or later</i>	
Total College Credits over 4 Years by 12th Grade	78 (or 90 if the 4 Angelicum Theology courses are also taken)

CIU AA Degree Requirements for Angelicum Students

High school diploma or equivalent

4 Years of the Angelicum Academy Great Books Program / 48 credits

10 CIU courses / 30 credits (see *course list document*)

TOTAL: 78 credits

NOTE: This draft college plan assures all 10 CIU courses required for the AALA are complete by the Senior year. *The CIU classes listed for any CIU semester are suggestions only.* Students will work directly with their CIU advisor to select courses each semester.

******This sample college plan is designed for students to earn their AA degree over four years, completing their AA degree at the end of their High School Senior year. It is also possible for students to complete the AA program in 3 years. Students would do so through one or more of several options including: (1) taking more than one of the Great Books courses in the same Fall/Spring semesters; (2) taking one of the of the four Great Books courses asynchronously in the summer; and (3) taking more than one CIU course per term. *Nota Bene* : The total cost if the AA if done in 3 years (or less) remains the same. If a student completes it in three years, the final year tuition will be higher based on the total number of credits earned. Please call with any questions. While 60 credits are necessary for the AA degree, students may earn up to 78 for the same tuition.

*******This chart also includes an optional additional 12 transferable college credits (not required for the CIU AA Degree) that can be earned by taking the 4 Angelicum Theology Online Courses if so desired. These 4 Theology Online courses are not included in the AA Track tuition for students studying with CIU.
