CIU Bachelor Degree Complete	
Total College Credits over 4 Years of High School	120
CIU BA Degree Requirements for Angelicum Students High school diploma or equivalent 4 Years of the Angelicum Academy Great Books Program / 48 credits 4 Angelicum Academy Theology Online Courses / 12 credits 10 CIU courses for AA / 30 credits (<i>see course list document</i>) 10 CIU courses for BA / 30 credits (<i>BA in Theology or Liberal Arts - contact CIU for courses</i>) TOTAL: 120 credits	
NOTE: This sample college plan is designed for students to earn their BA degree (120 college credits) over four years, completing their BA degree at the end of their High School Senior year. This schedule places priority on all college-level courses required first for the AA (the 10 courses for the AA must be completed first before a student begins the BA). This sample college plan has students earning their AA during their Junior year. This allows students to apply on a case-by-case basis to CIU to enter the BA program during their Junior year and concentrate on the CIU courses for the BA requirements throughout the Senior year. <i>The CIU classes listed for any CIU semester are suggestions only.</i> Students will work directly with their CIU advisor to select courses each semester. **Students may also complete the AA later in their senior year and defer BA coursework until after 12th grade. *** Tuition for the last 10 courses / 30 credits for the BA are NOT included in tuition paid to the Academy on any college credit tracks, but are paid to CIU at their current tuition rate. Please call with any questions about tuition rates for the BA degree by the end of 12th grade.
